Prestige International Inc. (Headquarters: Chiyoda-ku, Tokyo; CEO: Shinichi Tamagami; hereinafter “PI”) is pleased to announce that its Niigata BPO Uonuma Terrace has been certified as a “Niigata Health and Productivity Management Promoting Enterprise Master 2026,” a program promoted by Niigata Prefecture.

Niigata Prefecture registers companies and other organizations that are committed to promoting the health of their employees and their families as “Niigata Health and Productivity Management Promoting Enterprises.” By supporting their initiatives, the prefecture aims to promote the health of the working generation. Furthermore, to encourage the wider adoption of health and productivity management, the prefecture currently awards the “Master” title to the top 100 companies among the registered enterprises that are most proactively engaged in these efforts.

Since its registration as a “Niigata Health and Productivity Management Promoting Enterprise” in July 2022, PI’s Niigata BPO Uonuma Terrace has continued to focus on creating an environment where each and every employee can continue to work healthily. In recognition of these continuous efforts, it has been certified as a “Master” for the second consecutive year, following 2025.

Moving forward, the PI Group and Niigata BPO Uonuma Terrace will continue to work on establishing healthy behavioral habits among employees and promote activities to spread health and productivity management within the community, fulfilling the expected role of this system.
